THEY WANT TO TELL

These Grateful Women Who Have Been Helped by Mrs. Pinkham.

Women who have suffered severely and been relieved of their ills by Mrs. Pinkham's advice and medicine are constantly urging publication of their statements for the benefit of other women. Here are two such letters:

Mrs. Lizzie Beverly, 258 Merrimac St., Lowell, Mass., writes:

"It affords me great pleasure to tell all suffering women of the benefit I have received from taking Lydia E. Pinkham's Vegetable Compound. I can hardly find words to express my gratitude for what she has done for me. My trouble was ulceration of the womb. I was under the doctor's care. Upon examination he found fifteen very large ulcers, but he failed to do me good. I took several bottlesof Lydia E. Pinkham's Vegetable Compound, also used the Sanative Wash, and am cured. Mrs. Pinkham's medicine saved my life, and I would recommend it to all suffering women." Mrs. Amos TROMBLEAY, Ellenburgh

Ctr., N. Y., writes: "I took cold at the time my baby was born, causing me to have milk legs, and was sick in bed for eight weeks. Doctors did me no good, I surely thought I would die. I was also troubled with falling of the womb. I could not eat, had faint spells as often as ten times a day. One day a lady came to see me and told me of the benefit she had derived from taking Lydia E. Pinkham's medicine, and advised me to try it. I did so, and had taken only half a bottle before I was able to sit in a chair. After taking three bottles I could do my own work. I am now in perfect health."

GENERAL DOUGLAS IN THE CITY.

He Had Just Returned from Cuba and Talked Interestingly About It. Brigadier-General Henry Douglas, who has recently been mustered out of the service of the United States, was in Richmond yesterday. He had just returned from Cuba, and was en route to his farm, at Lestor Manor, stopping over here only for a few hours, during which time he called upon a number of his felands.

The General wore his fatigue uniform, and his tail figure, garbed in blue and surmounted by a soft palmetto hat, attracted much attention as he passed down the streets, and the General was warmly greeted by his many friends. General Douglas does not think the conditions in Cuba are such as would justify this government in withdrawing its troops at any time in the near future. He says the army is quietly waiting now for the people to make some move toward the establishment of a stable government, and that the people are waiting for the army to make a move. The General says General Lee is the most popular man in Cuba, and can do more with the Cubans than any other American. He feels confident that Mr. McKinley will continue General Lee in the island as Governor of one of the provinces, and says no better move could be made.

General Douglas will return to Richmond to-day, and will then visit Washington before going to his home in Baltimore. He says Mrs. Fitzhugh Lee and family left Habana Wednesday, and will pay a visit to Washington before coming to Richmond. The General wore his fatigue uniform

Interest in the Immanuel Meeting. Last night's meeting was the best of the week at Immanuel Baptist church. The congregation was larger than on any previous night, and Rev. Mr. Harrison preached with even more than his usual fervor and earnestness. His theme was "Power and the Consequence of Loss of It." The discourse was one of solemn warning to those inclined to wander away from God, thus losing their spiritual power, and of tender entreaty to the unsaved to accept Christ and escape the power and dominion of sin. There were two conversions and quite a number of requests for prayer. The song and prayer service will open to-night at 7:5 o'clock.

This afternoon the Juniors of the Youn

This afternoon the Juniors of the Young Men's Christian Association will enjoy a social hour of music, games, recitations, êtc., in the parlor and recreation-room. A boys orchestra, the graphophone, and other musical features will help in making the hour mest enjoyable. The hour is from 6 to 7 o'clock, and all junior members of the association, both educational and gymnasium classes, are invited. They may also bring two other boy friends each. The "Gospel Army Boys," with their friends, have also been invited. Declaration in Assumpsit.

In the case of Spencer's Administrator vs. Field and Gray, decided in the Supreme Court of Appeals yesterday, the court explains in detail the operations of section 226 of the Code, which provides that where certain declarations in assumpsit are certified by affidavit, no plea

in bar shall be received in the case, either at rules or in court, unless the defendant file with his plea the affidavit of himself or agent, that the plaintiff is not entitled to a recovery or is only entitled to a partial recovery.

This statute has been the subject of repeated adjudications, but the case in question presented several new phases. The court holds that not withstanding the statute a plaintiff has the right to waive the affidavit to the plea if he sees fit to do so, the requirement being solely for the benefit of plaintiffs, and in order to prevent them from being delayed in their suits by dilatory pleas.

In the case at bor the first pleas filed by defendants lacked the requisite affidavits, and the plaintiff made no objection to the objection, but subsequently these pleas were withdrawn and new ones offered. These new pleas were subject to the objections which might have been offered at first, and the plaintiff's right to object to them was not waived nor lost because he had permitted similar pleas to be filed without objection, nor by his filing a replication to the foint pleas after his objection to them had been overruled.

The judgment of the lower court is,

The judgment of the lower court is, therefore, reversed.

THEY RIDICULE IT.

Many People Ridicule the Idea of ar Absolute Cure for Dyspepsia and Stomach Troubles.

Ridicule, However, is Not Argument, and Facts Are Stubborn Things.

Stomach troubles are so common and in most cases so obstinate to cure that peo-ple are apt to look with suspicion on any remedy claiming to be a radical, permanent cure for dyspepsia and indigestion Many such pride themselves on the acuteness in never being humbugged, especially in medicines.

This fear of being humbugged can be

This fear of being humbugged can be carried too far; so far, in fact, that many seeple suffer for years with weak digestion rather than risk a little time and money in faithfully testing the claims ersally used as Stuart's Dyspepsia

the reason that they are not a secret patent medicine, no se-ret is made of their ingredients, but analysis shows them to contain but analysis shows them to contain the natural digestive ferments—pure asse-tic pepsin, the digestive acids, Golden Seal, bismuth, hydrastas, and nux. They are not eathartic, neither do they act powerfully on any organ, but they cure indigestion on the common-sense plan of digesting the food eaten theroughly before it has time to forment. t has time to ferment, sour, and cause he mischief. This is the only secret Cathartic pills never have and never can

Cathartic pills never have and never can cure indigestion and stomach troubles, because they act entirely on the bowels, whereas the whole trouble is really in the stomach.

Stuart's Dyspepsia Tablets taken after meals digest, the food. That is all there is to it. Food not digested or half digested is polson, as it creates gas, acidity, headaches, palpitation of the heart, loss of flesh and appetite, and many other troubles which are often called by some other name.

They are sold by druggists everywhere at 50 cents per package. Address F. A. Stuart Company, Marshall, Mich., for little book on stomach diseases, sent free.
